

## MIRACLES IN THE MINISTRY OF BRO.JOSHI

### Short Leg grew by 16cms (6.3 inches)

My name is Deepakala. When I was born one leg was found shorter by 16 cms ( 6.3 inches) than the other one, Because of this problem I was not able to walk normally. Orthopedic doctors made it clear that even surgery can not rectify the problem. When I was twenty five year old, I approached Bro. Joshi for prayers. He laid his hands on me and while he was still praying for me to my surprise the short leg started growing and it grew to the full size.. Now both of my legs are equal. All glory to God.

### Uterine tubes opened after 10 years :

My name is Grace Praveena. My Uterine tubes were closed for 10years. I went to many gynecologists but all the attempts were futile. When I came to Bro.Joshi, he prayed for me. The next day when I went to the same gynecologist, the doctor found that the tubes which were closed for 10years were opened. Even doctor was surprised. All glory to Jesus

### Tumor Disappeared:

Name of my son is Arun Joshi. He had a tumor of the size of a lemon under his right ear. We went to doctor and used tablets as per the guidance of doctor. But the size became more. At that time we brought our son to Bro.Joshi. He prayed for my son. After prayer the prayer was over immediately the tumor got disappeared. I thank my precious Jesus for the great miracle that he has performed in my son's life.

### Broken bone and dislocated bone healed miraculously:

My name is Laxmi. I hail from a heathen background. When I was at work accidentally I fell down and one bone of my leg was broken and another one was dislocated. At that time I approached two orthopedicians to take different opinions. But both the doctors confirmed the same thing. And they suggested surgery. I was unable to walk because of this severe problem. At that time I attended Healing Crusade. During mass prayer, I agreed with the prayers of Bro.Joshi, a great power came upon me an instantaneous miracle happened and the broken leg was healed and the dislocated joint was relocated in the same place. Immediately I began to walk normally in the name of Jesus. All glory be to our Lord Jesus only.

**Broken bone healed instantaneously**

I am Dr. Swaroopa , Gynecologist. As I was driving my vehicle I met with an accident and the right hand was badly injured. When I approached the doctors they said that it was a fracture but said that the hand will not become alright because of the age factor. I was unable to lift up my hand for the last one year. Since I was unable to use that hand I stopped going to the nursing home. I was in depression for one year because I could not do any work either at home or the hospital. At that time I heard of the healing crusade conducted by Bro.Joshi didn't know anything about Christ. I just attended and sat in the audience. After the message when Bro. Joshi was praying for the sick ,a great power flowed through my body and within a second I became alright and I was able to stretch my hand and it was without pain and normal All glory to Jesus.
